

Ascend Behavioral Health and Wellness, LLC

Ascend Behavioral Health and Wellness

(ABHW) for adults is designed to address the needs of adults who are experiencing different mental health issues, drug and alcohol addiction, and co-occurring conditions identified by their behaviors and their thinking errors . ABHW offers a comprehensive treatment in a safe and secure environment. At ABHW, we offer our residents the opportunity to rebuild their lives in the strongest way possible.

ABHW facilities administers a unique treatment methods and approach like Motivational Interview (MI), Behavioral Modification, Thinking Patterns, Accountability, Responsibility , Cognitive Behavior Therapy (CBT), Dialectical Behavior Therapy (DBT) -informed and trauma-informed care for residents . As a leading behavioral healthcare provider, our recovery centers provides specialized care to trauma and abuse survivors.

Our Program Goals

By immediately identifying and providing intervention, we can improve and stabilize the client's behavioral health and emotional needs, thereby increasing the client's level of functioning for transition back to the family unit or into an appropriate living environment. We strive to include all family members and significant others into the client's treatment plan.
